

# Quality improvement: bitesize learning

**Learn the principles and tools of quality improvement (QI) and how to apply them in practice in this series of bitesize sessions aimed at health and care professionals.**

Delivered in partnership with the East of England Leadership Academy, this fully-funded programme will feature four pre-recorded one-hour sessions to view on demand, with two live online Q&A opportunities with a registered QI professional. The first session will launch week commencing 20 September 2021, with a new session released each fortnight:

- ***Session 1 – What is the Model for Improvement?***
- ***Session 2 – How to apply the Model for Improvement into practice***
- ***Session 3 – Measurement for Improvement pt 1***
- ***Session 4 – Measurement for Improvement pt 2***

**If you want to hear when the first session is online and how to access, please [register your interest here.](#)**
