

Leading Transformation for Integrated Care 2022/23

What's On Offer?

Co-designed with input from representatives, the following session explore what partnership working looks like across teams and organisations. Hosted by our delivery partner, Tricordant, participants will enhance their capability to think and act as leaders within systems by:

- ✓ Understanding and exploring a 'Leading Transformation' topic
- ✓ Feeling confident to apply some practical tools
- ✓ Learning, sharing and growing with colleagues in a similar situations

This series is for colleagues working in health, social care and the voluntary, community and social enterprise sector who are involved in change and transformation, delivery of new integrated care services, organisation and partnership development across England. You can join us for all topics or pick those of most interest to you; each topic is repeated three times so you have a choice of dates and we can accommodate higher participant numbers.

Who leads in a system?

This topic will explore who leads in a systems context and how to lead across boundaries. Participants will gain a better understanding of how leading in a system differs from leading in a single organisation, types of leaders in a systems context and the knowledge, skills and behaviours required for leading in a systems context.

[Wednesday 25th January 2023](#) 10:00-11:30

[Thursday 9th March 2023](#) 10:00-11:30

Improving the health of our local communities- it's everybody's business

This topic will explore difference between organisational performance and practical outcomes and value for patients and local communities. Participants will gain a better understanding of how a focus of organisational performance metrics along can inform leadership practice.

[Wednesday 1st February 2023](#) 10:00-11:30

[Thursday 16th March 2023](#) 10:00-11:30
